3.7 Conversion Request

Pharmacy Name

Rx30 License Number

Your pharmacy has requested a conversion of your Rx30 Pharmacy System from version 3.6 to version 3.7. Attached is a document with features and conversion suggestions for Rx30 version 3.7. Please review this document, once you have reviewed the document you will need to bring up a web browser and go to:

www.rx30.com

At the top of the screen click on "Rx30 Users", then select "On Line Demo" from the drop down list. You will be asked to log in. Enter **101949** in the License Number box and **rx30** in the password box, then click "enter". On the left hand side of your screen you will see a list of options, select "Module Demos" then select "Accounts Receivable Overview".

Viewing the demo is extremely important, as it will provide you with the training necessary to use the Accounts Receivable module after the conversion.

Once you have reviewed the attached document and completed the On Line Demo, please sign and fax back to **888-390-5140**.

Thank you,

Rx30 Technical Support
